Schulte Studios Inc. of Sugar Grove, IL Wins Award in International Metalcraft Competition

FAYETTEVILLE, GA — Schulte Studios Inc. of 41W020 Seavey Rd., Sugar Grove has won an award (s) for outstanding craftsmanship in an international competition sponsored by the National Ornamental & Miscellaneous Metals Association (NOMMA). The event was open to over 700 member firms throughout the U.S. and in 12 foreign countries.

Schulte Studios Inc. received the following award(s):

SILVER- Gates, Driveway - Forged

The presentation was made at a special banquet in New Orleans, LA, March 19, during NOMMA's 53rd annual conference. The Ernest Wiemann Top Job Awards Competition is an annual contest that recognizes outstanding work in the ornamental and miscellaneous metals industry.

To win an award, entrants must submit photos and a description of their work. This material is then publicly displayed in a gallery where NOMMA member firms then vote. Winning a Top Job award has special meaning, since it represents a "voice of approval" from industry peers.

To reach the company, call 630-406-0404.
